

GETTING READY FOR KINDERGARTEN

WRAPAROUND PARENT SUPPORT PROGRAM

How exciting that you have a child getting ready for kindergarten in 2021! Our program offers support, tools, and encouragement for this incredible transition.

NW Disability Support is a grassroots, parent-driven organization with deep experience supporting the dreams and wishes of children and families and empowering them to be true partners in their educational process. The transition can be a challenging and complicated process, but you don't need to do it alone.

We are delighted to be partnering with MECP to support you through this transition. We have been where you are, and we can help your child get off to a great start in Kindergarten.

We look forward to connecting with you, answering your questions, and getting to know you and your great kids. Learn more about our work at abicommunity.org.

“To have grounding in the actual rights and intent of IDEA will give us the confidence to stand our ground if necessary in the future.”

“The experiences and support are priceless, and no information or webinars can replace relationships and support that are ongoing.”
